

PERITIA

PARTNERS

ON TIME | ON TARGET | ONWARD

Who we are

We're more than experts. We're masters.

Peritia is a boutique construction consulting firm that emphasizes innovation, adaptability, and transparency to help clients manage risks, uncertainty, and disputes on major projects in the A/E/C industry.

We're the Special Forces in our industry challenging the status quo, implementing new ways to deliver our mastery to achieve results that push the envelope, going above and beyond for our clients. We reject cold conformity in favor of a hands-on human approach. We do the work. We put in the hours. We learn and understand your needs, wants and desires, because we know through insight and ingenuity, we make things happen.

That's **WHO** we are.

That's **WHAT** we will do for you.

WE ARE FORWARD THINKERS, USING FORESIGHT AND MASTERY TO PUSH BOUNDARIES, SURPASSING THE EXPECTED INDUSTRY NORMS TO ENVISION A WELL-SUPPORTED OUTCOME.

"Peritia understood everything at issue in the case, from the difficult venue to the complex, project-level details at issue. We were impressed and will most certainly look to Peritia for help in other matters."

Jesse R. Lipcius
Partner – Ulmer & Berne

What we believe

A better way of doing business.

Our process makes things simple, even when they're not. With vigor and adaptability, we integrate seamlessly with your teams, whether working with owners, developers, contractors, engineers, legal counsel, carriers, adjusters, policyholders, brokers, or third-party administrators (TPAs). Our focus is to provide insightful counsel and fact-based analysis that uncovers original solutions for each client as they plan, build, protect, and recover their projects and assets.

Here's what you can expect when you hire Peritia:

ON TIME
In the construction industry, time is money. We show up fully equipped and prepared with intimate knowledge about your project, providing counsel that can be harnessed and applied for immediate results.

ON TARGET
Never distracted and always responsive, we get things right the first time. It's a value that requires discipline, integrity, and transparency, and is at the core of everything we do.

ONWARD
We're driven to uncover new possibilities, to innovate, identify opportunities, and lead your project toward a desired outcome. When you work with our team, you can expect the unexpected.

FOREMOST, WE'RE PROBLEM-SOLVERS THAT VALUE HARD WORK BUILT UPON INSTINCT, KNOWLEDGE, AND APTITUDE.

"I truly appreciated Peritia's ability to comprehend all project components, including legal and engineering, and to provide strategic advice to all stakeholders."

Hakim Bouadi, PhD, PE
Principal – Walter P. Moore

What we do

WE ARE COMMITTED TO PROACTIVELY FINDING THE KEY INSIGHTS TO DRIVE THE RIGHT ANSWERS FOR THE BEST SOLUTIONS. PERIOD.

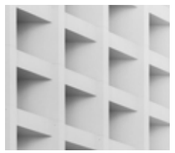

"The guys at Peritia are very knowledgeable and professional. I was very impressed with their attention to detail."

Brad Hooper
President – PSP Industries

Experts delivering on expertise.

No matter your stage in the construction process, or the support required, our team is with you from start to finish to provide the highest level of competence in the following areas:

- Construction Management
- Project Controls
- Claims and Dispute Resolution
- Insurance Claims

From architecturally intricate multi-tiered luxury buildings to extraordinarily engineered bridges to demanding government standards for military infrastructure, our team has worked on a diverse range of projects, offering wide-ranging experience in every industry.

- Commercial
- Education
- Energy
- Government
- Healthcare
- Hospitality
- Industrial
- Infrastructure & Transportation
- Oil, Gas & Chemicals
- Residential & Mixed-Use
- Science & Technology
- Water

Areas of expertise.

Construction Management:
ability, capability, and dependability.

Construction management determines the success of your project from start to finish. Our team helps create and maintain alignment between all stakeholders to manage costs, schedules, risks, uncertainty, and resources to keep your project on track from preconstruction to completion.

- Owner's Representation
- Preconstruction Management
- Project Reviews & Audits
- Procurement & Contract Management
- Schedule Management
- Cost Management
- Change Order Management
- Construction Management Training

CONSISTENT, GROUNDED, AND TRUSTWORTHY, OUR "NO PEBBLE LEFT UNTURNED" APPROACH IS FOCUSED ON DELIVERING THROUGH THE ENTIRE LIFECYCLE OF A CONSTRUCTION PROJECT. WE HELP CLIENTS NAVIGATE COMPLEXITY WITH GREATER TRANSPARENCY, CLARITY, AND CONTROL.

"Peritia's advisory, training and dispute resolution work is exceptional. We are glad the Peritia team is there to support our risk management system."

Matthew Ruth
Owner – Masonry Solutions International

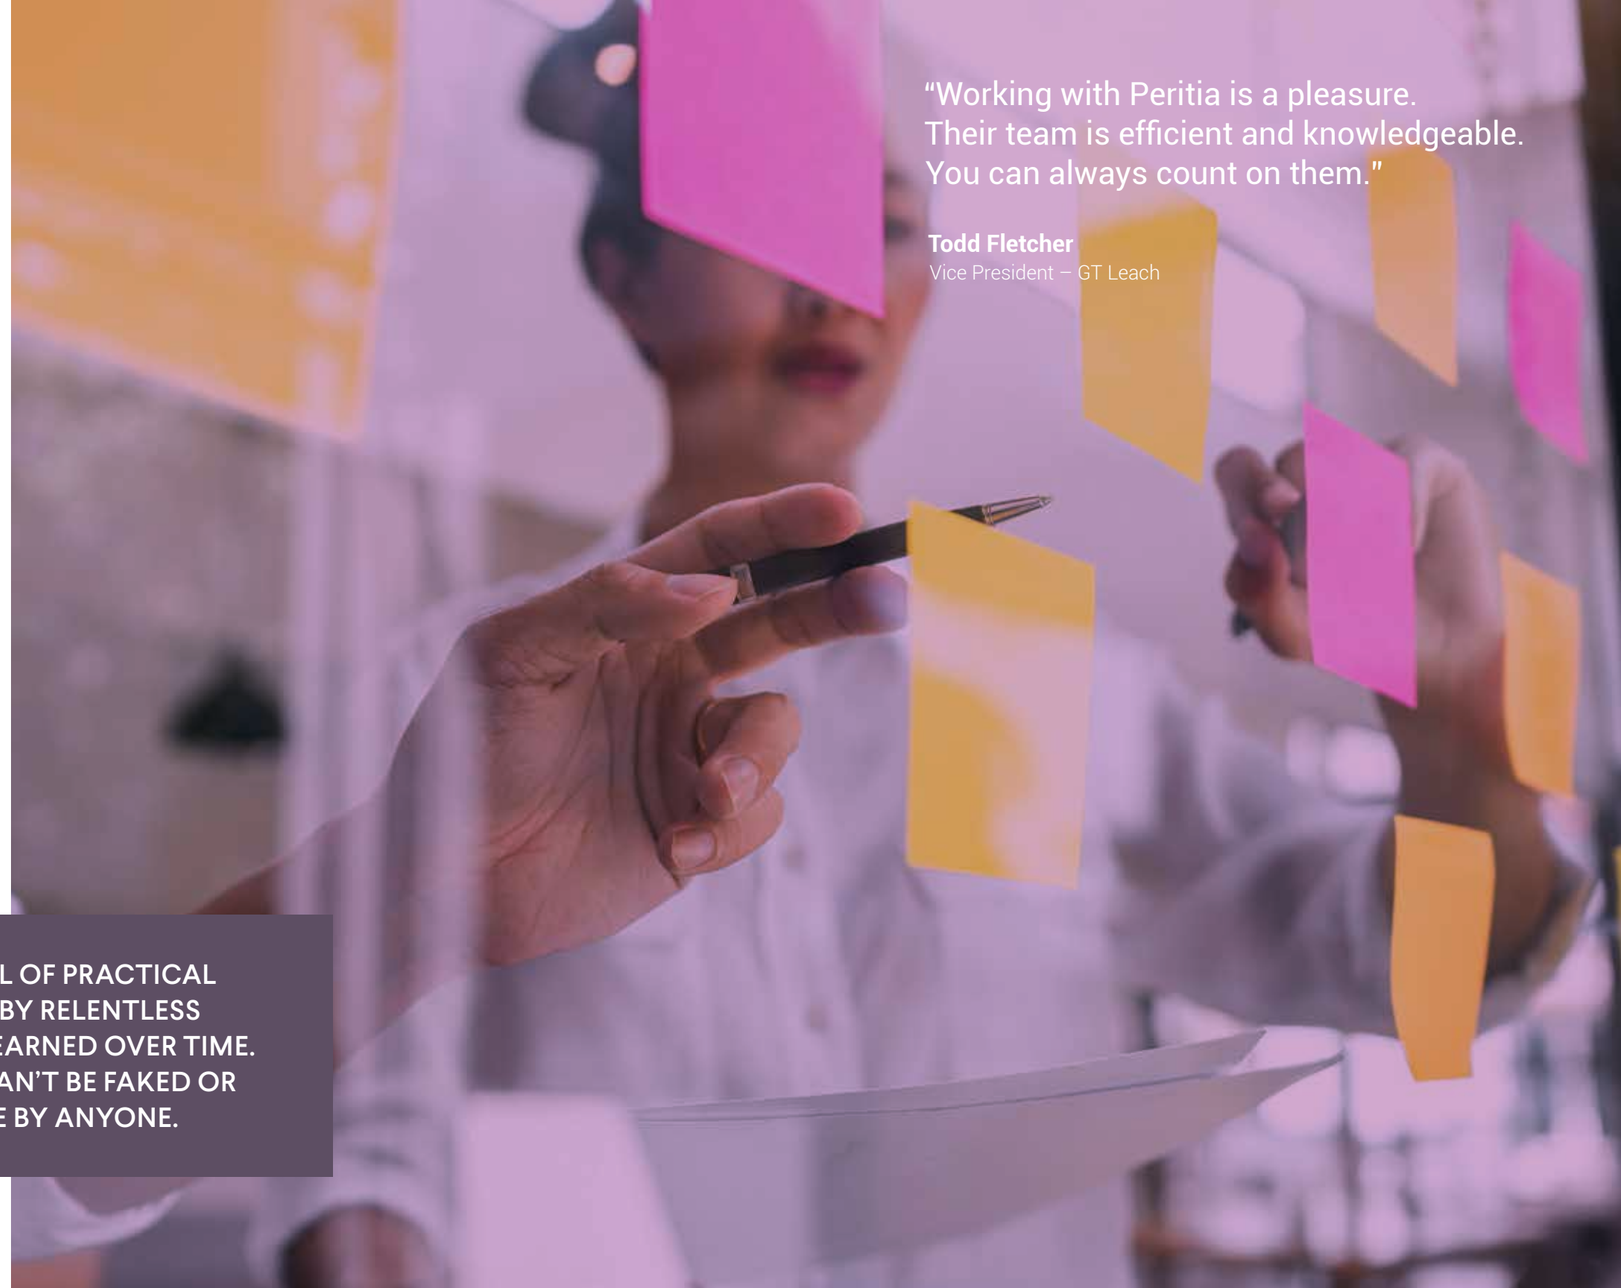

Areas of expertise.

Project Controls:
anticipation combined with calculated maneuvering.

Project controls span the length of your project and are pivotal to ensuring delivery that is on time, on target and within budget. Our team's years of technical experience allow us to not only help you plan for your project, but to also anticipate and deftly maneuver potential problems.

- Pull Planning
- Constructability & Logistics
- Baseline Schedule
- Schedule Updates
- Time Impact Analysis
- Cost Estimating
- Change Order Management
- Project Controls Training

OUR MASTERY AND SKILL OF PRACTICAL KNOWLEDGE IS GAINED BY RELENTLESS PRACTICE THAT'S BEEN EARNED OVER TIME. IT'S EXPERIENCE THAT CAN'T BE FAKED OR DUPLICATED ANYWHERE BY ANYONE.

"Working with Peritia is a pleasure. Their team is efficient and knowledgeable. You can always count on them."

Todd Fletcher
Vice President – GT Leach

Areas of expertise.

Claims and Dispute Resolution:
hands-on authoritative confidence.

We offer comprehensive claims review and management through objective analysis to build a deep understanding of your project. Our team can help you identify key events and potential delays prior to a project's completion. Course-correct any potential negative impact on your project with unbiased perspective and decades of expertise to resolve a variety of claims. Peritia also provides counseling and training to practitioners in dispute resolution within the A/E/C industry to support and prepare your team for deposition, mediation, arbitration, and litigation.

- Focus on construction disputes and litigation support
- Schedule delays and disruption
- Change order disputes
- Defect claims
- Expert witness services
- Arbitration, mediation, and litigation support
- Damages quantification for disputes

"Peritia's technical expertise, legal understanding of construction matters, and ability to clearly communicate their findings is top notch."

William J. Spriggs
Principal – Spriggs Law Group

THE EXPERTISE OF OUR TEAM CAN HELP YOU CONSIDER AND IDENTIFY ALL ASPECTS OF A CLAIM DURING A PROJECT'S LIFECYCLE. WHILE COURTROOMS CAN BE RUTHLESS, THE CALM RESOLVE OF THE PERITIA TEAM DELIVERS FOCUSED, CONFIDENT, AND AUTHORITATIVE TESTIMONY FOR EVEN THE MOST COMPLEX AND CHALLENGING CASES.

Areas of expertise.

Insurance Claims:
technical insight combined with informed resolution.

Peritia's Insurance Claims practice pairs construction expertise with claims experience to evaluate property losses and construction-related disputes for carriers, policyholders, and counsel. We document damage, scope repairs, and price the work so every position rests on facts that can be supported.

- Focus on property loss evaluation and claim support
- Damage assessment
- Scope and estimate review
- Repair vs. replace analysis
- RCV/ACV valuation
- Appraisal support
- Business interruption and extra expense analysis
- Estimate and invoice review
- CAT losses (hail, wind, fire, water)

WHEN A LOSS OCCURS, UNDERSTANDING WHAT HAPPENED IS ONLY THE BEGINNING. PERITIA BRINGS TECHNICAL EXPERTISE AND OBJECTIVE ANALYSIS TO ASSESS DAMAGE, QUANTIFY IMPACTS, AND PROVIDE INDEPENDENT TECHNICAL CLAIM SUPPORT THROUGHOUT THE EVALUATION PROCESS.

Our proud accomplishments

for a growing list of clients.

The team at Peritia has deep experience in a vast array of industries. The following highlights some of our current clients as well as projects our experts have completed during their careers.

Partnerships

Alliance Partnerships and Teaming Agreements

A comprehensive approach to solving your problems.

We acknowledge that sometimes a project dictates a more expansive approach, requiring further partnerships and alliances to get the job done. Through our cross-industry relationships, we expand our capabilities and pass that knowledge onto our clients. Our partners are proven, hand-selected experts in key areas such as global forensic engineering, structural engineering, and consulting firms; national project controls, scheduling and cost estimating companies; and local project management firms, to name a few.

"Peritia's deep subject matter expertise coupled with their humility make for a rare and dynamic combination. They are an excellent partner and deliver as advertised."
